** Translation, Cleaning, and Typesetting by the Squeletrix*

page 110- *Protrusocallin* is a made-up rallying cry from an old French zombie flick, there are clips if you search on youtube. I considered finding an English need reference equivalent, but it's a very particular sentiment... my favorite of the discarded choices was BANGARANG!, though, fits *Chance* nicely.

Anyway, as always, if you like this comic, I encourage you to buy the official volumes if you can!

Until next time!
